

**Information and Communications Technology  
Industry Training Advisory Committee**

**Consultation on the Updates of Specification of  
Competency Standards (SCS) for ICT Industry**

**Questionnaire**

The ICT Industry Training Advisory Committee (ITAC) has completed the updating exercise for the SCS for ICT industry. The updates mainly cover the relevant competency requirements in view of the development of the six emerging areas, i.e. AI, Cloud Computing, Cybersecurity, Data Science, eSports and IoT. The suggested Vocational Qualifications Pathways (VQP) which cover the principal job posts and their competency requirements for the above six areas are also drawn up for reference by the industry stakeholders. An industry consultation on the updates of SCS and VQP is underway to collect views from stakeholders. The consultation period is from 16 May 2022 to 15 July 2022. All consultation documents could be accessed at the HKQF website <http://www.hkqf.gov.hk/ict>. Please return your completed questionnaire to the Qualifications Framework Secretariat via email ([ratsoi@hkqf.hk](mailto:ratsoi@hkqf.hk)) on or before 15 July 2022.

---

**Part I : The updates of SCS for ICT industry**

1. Do you agree that the updates of SCS in general cover the key competency requirements in view of the development in six emerging areas, i.e. AI, Cloud Computing, Cybersecurity, eSports, Data Science and IoT in ICT industry?

- Yes  
 No  
 Other comments:

---

---

2. Do you think the updates of SCS in general apply to the manpower requirements and reflect the latest development trends of the industry?

- Yes  
 No  
 Other comments:

---

---
