

Logistics Industry - RPL clusters of units of competency (Supporting and Ancillary Services)

	Name of Clusters	Level	Years of Service and Relevant Working Experience	Summary of Principal Competencies	Code	Title of Competencies
1	General Competencies (Supporting and Ancillary Services)	1	One year experience in logistics supporting and ancillary services	The basic principal competencies include: Apply basic logistics knowledge, terminologies, and different kinds of computerised freight document	LOCUEL101A **	Apply all kinds of computerised freight document templates
					LOSGCN101A #	Apply basic knowledge of container
					LOAFCN101A *	Use air freight terms, codes and abbreviation
					LOSAOM101A	Understand logistics and supporting service terminologies
					LOSGCN102A #	Understand logistics and sea freight terminology
2	Supply Chain Management (Supporting and Ancillary Services)	4	Six years experience in logistics industry, of which not less than three years in supply chain management	The basic principal competencies include: Implement relevant supply chain management activities, including assess logistics needs, monitor/evaluate suppliers, implement integrated logistics support, etc.	LOSAPD401A	Plan logistics needs assessments
					LOSAPD403A	Monitor supplier/contractor performance
					LOSAPD404A	Manage stock-taking procedures
					LOSAPD405A	Monitor merchandising activities
					LOSAPD406A	Conduct logistics support analysis
					LOSAPD407A	Implement integrated logistics support processes
					LOSAPD408A	Evaluate suppliers/contractors
3	Transport Documentation (Supporting and Ancillary Services)	2	Three years experience in logistics industry, of which not less than one year in handling transport documents	The basic principal competencies include: Handle and consolidate relevant transport documents	LOSAIE201A	Handle air freight documents
					LOSAIE202A	Handle sea freight documents
					LOSAIE301A	Handle transport documents
					LOSAIE303A	Consolidate transport documents
4	Trading and Import/Export Documentation (Supporting and Ancillary Services)	2	Three years experience in logistics industry, of which not less than one year in handling trading and import/export documents	The basic principal competencies include: Plan, design, and handle relevant trading and import/export documents	LOSAIE203A	Handle import/export or re-export documents
					LOSAIE204A	Handle trading payment documents
					LOSAIE302A	Complete import/export documents
					LOSAIE304A	Plan and design import/export documents
5	Occupational Safety and Health (OSH) Procedure (Supporting and Ancillary Services)	4	Six years experience in logistics industry, of which not less than three years in implementing OSH procedures	The basic principal competencies include: Apply relevant safety rules and regulations; understand, implement, and plan OSH procedures	LOCUSS303A	Apply safe working rules and regulations
					LOCUSS304A	Implement occupational safety and health procedures
					LOCUSS402A	Implement accident-emergency procedures
					LOCUSS403A	Implement transport regulations compliance system
					LOCUSS406A	Develop safe workplaces
					LOCUSS407A	Plan and execute occupational safety and health procedures in workplaces
					LOCUSS408A	Implement fatigue management strategies

Logistics Industry - RPL clusters of units of competency (Supporting and Ancillary Services)

	Name of Clusters	Level	Years of Service and Relevant Working Experience	Summary of Principal Competencies	Code	Title of Competencies
6	Operations Management (Supporting and Ancillary Services)	4	Six years experience in logistics industry, of which not less than three years in logistics supporting and ancillary services operations management	The basic principal competencies include: Apply relevant management techniques to manage operational risk, test efficiency of operations, and co-ordinate business resources; and capable of handling emergencies	LOSAPD304A	Apply risk management techniques
					LOCUSS302A	Co-ordinate breakdowns
					LOCUSS410A	Manage and handle emergencies
					LOSAPD402A	Conduct data analysis
					LOCUOM417A	Apply simulation technique to test efficiency of operations
					LOSAOM402A	Co-ordinate business resources
					LOSAOM401A	Lead work teams
7	E-logistics (Supporting and Ancillary Services)	3	Five years experience in logistics industry, of which not less than two years in logistics supporting and ancillary services e-logistics work	The basic principal competencies include: Apply knowledge of information and communication technology and web platform to implement relevant transport logistics operations	LOCUEL305A	Apply knowledge of information and communication technology
					LOCUEL306A	Conduct Electronic Data Interchange in the industry and with customers
					LOCUEL307A	Design computerised freight documents
					LOCUEL308A	Implement e-commerce procedures for the logistics industry
					LOSAEL301A	Perform logistics supporting services through web platform

Remarks: *# Common UoC of Air Freight & Express and Shipping branches. For details, please refer to the SCS for the Logistics Industry - Air Freight & Express / Shipping
 * UoC of Air Freight & Express branch. For details, please refer to the SCS for the Logistics Industry - Air Freight & Express
 # UoC of Shipping branch. For details, please refer to the SCS for the Logistics Industry - Shipping
